The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 26 and 45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recited trademark, "TEXANOL", is indefinite since the use of a trademark in claim is not allowed. Amending said "TEXANOL" to a particular chemical name would require a brochure published before the filing date showing such chemical name in order to avoid new matter issue.

Claims 1-25 and 27-44 are allowed.

Claims 26 and 45 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
